9/10/29

Letter no 503 dated 9th Sept 1929 from the Chief Inspr of Mines in Mysore recommending the deputation of Mr C E Suryanarayana Rao to S. Africa for a period of about 4 months at a cost not exceeding £425 to attend the Third Empire Mining & Metallurgical Congress

1. The recommendation merits favourable consideration. Mr Suryanarayana Rao is well fitted by attainments and experience to derive full benefit from the deputation, and as an Associate member of Constituent institutions, he has had the privilege of an invitation to the Congress.

2. As the second senior most officer of the Dept, it is probable that the responsibility of leading the Dept might rest on him; and the knowledge of the best and most modern mining practice he is likely to acquire in the course of the deputation will be of great use in his future work

3 The cost so far as can be foreseen now is likely to be £375, and will in no case exceed £425

4. If the proposal is sd, an addl grant will be necessary

5. I agree that the proposal is worth consideration. But I am not sure if it is possible to find funds to meet the cost of deputation by an additional grant. The question of finding means of reappropriation of sanctioned grants may be kindly examined.

6. The cost of the deputation is also capable of being reduced. For instance, deputation allowance at 1/5th of salary in addition to daily allowance need not be paid. The steamer fares may be calculated as per II class passage. The estimated cost of itinery seems high.

7. The demand No.8 includes the grants under 7. Supervision of Mines and 14 Scientifice and Miscellaneous Department. Under Geological Department a sum of Rs 13,000/- is provided for Mineral survey and prospecting work. Whether some money can be spared to meet the cost of deputation out of this grant is a point for consideration.

8. I support Mr. Bocquet's recommendation to depute Mr. Suryanarayana Rao to South Africa to attend the Empire Mining and Metallurgical Congress there. The need for this deputation is fully explained by Mr. Bocquet in his letter. Mr. Bocquet is very near his retirement and in all probability Mr. Suryanarayana Rao will take his place. During Mr. Bocquet's absence on

WD 2343—GPB—500—12-3-29

Serial No.

leave some time back Mr. Suryanarayana Rao was in charge of the Department and the Mining Authorities were quite satisfied with his work and I believe they expressed their appreciation of it in a communication addressed to the Chief Inspector of Mines. The Congress has arranged for a comprehensive programme of visits to all the principal Mining Centres in the South African Union and Rhodesia. The cost of the itinerary in South Africa will not exceed £ 140/- and it is economical considering the fact that the itinerary is expected to occupy about 47 days and covering a distance of about 7,000 miles. As pointed out by the Financial Secretary, the grant of deputation allowance in addition to daily allowance is not necessary. Steamer Companies appear to have promised some rebate on passages to persons attending the Congress and this may reduce the cost of travelling. Making allowance for these two items, the expenditure on the deputation may come to about £ 350/- or about Rs 4,750/- This amount has to be provided in the form of an additional grant as the Budget of the Mining Department has no means of providing it by re-appropriation. The grant for the Geological Department referred to by the Financial Secretary is required for a number of prospecting and experimental items of work now in progress and it is not possible to spare any money out of it.

9. During Mr. Suryanarayana Rao s absence on deputation his place need not be filled up

RR 30/9/29 For favour of final Note, First Member.

L.I.C. 3/X. Signed F.N. Wightman RR 30/9/29

Final Note by the First Member of Council.

Subject:— Deputation of Mr. C. E. Suryanarayana Rao, Inspector of Mines, to South Africa to attend the Empire Mining and Metallurgical Congress.

The Third Session of the Empire Mining and Metallurgical Congress is proposed to be held in March 1930 in South Africa, and the Chief Inspector of Mines has recommended that Mr. Suryanarayana Rao may be deputed to attend the Session. As Mr. Bocquet is very near his retirement, it is necessary that the officer who is likely to succeed him should have an opportunity of visiting the World's greatest Gold Fields of South Africa and acquaint himself with the modern methods of mining work and practice in force there. The Congress has arranged for a comprehensive programme of visits to all the principal Mining Centres in the South African Union and Rhodesia covering a distance of about 7,000 miles. The entire cost of the deputation is not likely to exceed Rs 4,750/- and an additional demand to this extent will be placed before the Legislative Council.

During Mr. Suryanarayana Rao's absence on deputation, his place need not be filled up, and the Department will be required to manage with the remaining staff.

The Dewan and other Members of Council have agreed to these proposals and they may be graciously approved.

M N Venkatasubba Rao

(Camp) Mysore,
2nd October 1929.

Member of Council.

Submitted to His Highness.

I submit herewith a Final Note by the FIRST Member of Council regarding the deputation of Mr.C.E. Suryanarayana Rao, Inspector of Mines, to South Africa to attend the Empire Mining and Metallurgical Congress, for His Highness' gracious approval.

To the Chief Inspector of Mines, the Comptroller to Govt & the Director of Geology in Mysore No. D. 6824-26 d. 18.12.29.

Sanctions the grant of single first class fare to Mr. Y. E. Ramanarayana Rao for his sea and railway journeys & a daily allowance of £ 1½ during the period of his deputation to South Africa not covered by the payment of the sum of £145 being the cost of the itinerary in S. Africa as estimated by the Congress Authorities and requests the Comptroller to arrange immediately for an advance of Rs. 2000 being placed at the disposal of Mr. Ramanarayana Rao at the Bowringpet Taluk Treasury & for the payment of the balance to him at Cape Town thro' the Standard Bank of S. Africa before the 24th march 1930.

37 Draft issued and file resorted for taking further action in the matter. As we have sanctioned single first class fare to Mr. Y. E. Ramanarayana Rao for his railway and sea journeys in addition to an increased daily allowance of £ 1½ and as it is not known what the additional cost will be, a draft calling for the required information from the Chief Inspector of Mines is sent herewith as a demand will have to be placed thereon at the next Session of the L. C.

Demand No.8 - 7 Supervision of Mines - Travelling Allowance - Deputation charges.

Deputation of Mr.C.E.Suryanarayana Rao to South Africa to attend the 3rd Empire Mining and ~~xxxx~~ Metallurgical Congress arranged to be held at Cape Town in March 1930.

This deputation has been sanctioned on the recommendation of the Chief Inspector of Mines who received in Septr. last an invitation to attend the Congress Session from the Prime Minister of the Union of South Africa as an Associate Member of the Constituent Institutions of the Congress. As taking part in the Congress would afford a unique opportunity for obtaining the finest mining experience in the world, the Chief Inspector recommended that one of the Officers of the Mining Department of the Mysore State might be deputed to attend it. A large number of the Mining Officers in the Kolar Gold Fields have in the past had the benefit of visiting various important mining centres sometime or other during their period of service; and the Chief Inspector considers that such deputations are essential both in the interest of the efficient working of the Department and in view of the possible schemes for the development of mineral resources in the Mysore State. He has recommended Mr. Suryanarayana Rao, Inspector of Mines, for the purpose as the latter is a member of the Constituent Institutions of the Mining Body and has had the privilege of an invitation extended to him to attend the ensuing Session of the Congress. Next to the Chief Inspectof of Mines, Mr. C.E. Suryanarayana Rao is the senior-most officer in the Department and has gained considerable experience in the

Mining ~~exp~~ Industry of the State as well as in the administration of the Department. While the Chief Inspector of Mines was absent on leave in 1927-28 Mr. Suryanarayana Rao was in independent charge of the Department and acquitted himself on that occasion with ability, tact and credit and was complimented both by the Chief Inspector and the Mining Authorities for his excellent work. But as all his mining experience has so far been confined to the mines in this State and as in all probability the responsibility of leading the Department might fall on him in future, since Mr. Bocquet is very near his retirement, Govt. have, in view of the fact that gold mining is one of the most important mining industries in the State and that the Congress Session in South Africa will afford a valuable opportunity for obtaining a knowledge of the most modern mining work and practice, been pleased to sanction the deputation of Mr. Suryanarayana Rao to the South African Congress.

As regards the cost of the deputation the details are given below:

1. Railway fare to Bombay and steamer fares from India (Bombay) to S. Africa (Durban) and back	£ 100.
2. Ry. fare from Durban to Cape town and back. ..	" 15.
3. Cost of itinerary as estimated by the Congress Authorities £ 1. ~~Rs~~	" 145.
4. Daily allowance for three months at/~~xxx~~ ~~xxxx~~ a day excluding the period of 47 days spent in Congress special trains	" 45.
5. Deputation allowance for 3 months at 1/5 th of his salary viz., Rs.700	" 32
6. Equipment grant	" 25
7. Contingencies	" 13
	£ 375

Hence the demand for an additional grant as the budget of the Mining Department has no means of providing it by reappropriation a

and as the grant for the Geological Department is required for a number of prospecting and experimental items of work now in progress, and it is not possible to spare any money out of it. In the circumstances explained above it is not possible either to reduce or to omit the demand as suggested by the members.

Govt. have in modification of Government Order No.D.3942-3/Geol. 49-29-2 dated 14th October 1929 sanctioning single 2nd class railway ~~fares~~ and steamer fares to Mr. C.E.Suryanarayana Rao for the journeys to be performed in the course of his deputation to the South African Congress since been pleased on the recommendation of the Chief Inspector of Mines and on receipt of a letter from Sir K.V.Reddi, Agent - General to the Government of India in South Africa, Durban to Mr. C. E. Suryanarayana Rao to sanction (the grant of single) first class fare to Mr. C.E.Suryanarayana Rao for his sea and railway journeys and an increased daily allowance of £ 1½ instead of £ 1/- a day for the period of his deputation lasting for 3 months excluding the period of 47 days spent in Congress Special Trains. The extra cost involved on account of this additional expend-ture is not exactly known at present and it will be ascertained from the Chief Inspector of Mines in due ocu

and included in a subsequent demand to be placed at the next Session of the Legislative Council as it is too late to do so now.

Geol 49-29-1

Sir,

I have the honour to enclose for the kind perusal and information of Government, a circular letter addressed by the Honorary Secretary-General and Secretary, Third (Triennial) Empire Mining and Metallurgical Congress, to the members of the Constituent Institutions explaining briefly the scope of the Congress Sessions to be held in South Africa starting in March 1930.

It will be seen that the tentative itinerary has been so arranged as to afford scope to Members attending the Congress to be present at the technical sessions, as well as to visit some of the more important mining and industrial centres in South Africa.

Government are aware that over 50% of the World's output of gold is derived from the Transvaal Mines, where the most up-to-date methods are employed in every branch of the industry. Next to Great Britain, S. Africa is the largest producer of mineral wealth in the British Empire particularly in regard to precious metals and diamonds. Considering that the most important mining industry in this State is gold, the Congress Session in S. Africa affords an altogether unique opportunity for obtaining some of the finest mining experience in the world and I am convinced that it would be a distinc advantage if the Government could see their way to depute one of the Officers of this Department to attend the Congress. A large number of the mining officers on the Kolar Gold Field have had the benefit of visiting various important mining centres sometime or other dur

t eir

their period of service; naturally, it follows that one or more of the Inspectors of Mines should have similar experience and become familiar with modern methods of mining work and practice in other parts of the Empire, &c. I consider that such deputation is essentia both in the interests of the efficient working of the Department and in view of the possible schemes for the development of mineral resources in the State.

On this occasion, I have much pleasure in recommending the name of Mr. C. E. Suryanarayana Rau, Inspector of Mines, who is a member of the constituent Institutions of this body and has the privilege of an invitation extended to him to attend the ensuing session of the Congress. After the Chief Inspector of Mines in Mysore, Mr. C. E. Suryanarayana Rao is the most senior officer in the Department and has gained considerable experience in the mining industry of the State as well as in the administration of the Department. While he was in independent charge of the Department during my absence on leave in 1927-28, he acquitted himself with ability, tact and credit as will be seen from the enclosed copies of correspondence that passed between the Executive Member of Messrs. John Taylor & Sons' Committee and myself after my return to duty last year. However, all his mining experience has been, so far, confined to the Mines in this State.

Mr. C.E.Suryanarayana Rau has now reached an age when the experience already gained will enable him to make excellent use of the time spent abroad more especially with reference to home requirements. The tour will enhance his knowledge and broaden his views. The fact that he is an Associate of the Institution of Mining and Metallurgical Engineers, London and a Member of the American Institute of Mining and Metallurgical Engineers, New York - both universally recognised institutions - will afford him unique opportunities to come in contact with many distinguished Mining Engineers and a splendid chance of seeing some of the more important mining centres. It will also give him various special privileges

which

which help materially towards reducing the cost of the tour while on deputation. Under these circumstances, I can confidently recommend the deputation of this officer abroad both for the future requirements of the Department and in the interest of public service.

Excluding the time taken up in travelling from India to S. Africa and back - about 30 days - the actual itinerary will cover a period of about 50 days in S. Africa. In case the Government should later consider it desirable, according to circumstances, to require Mr. C.E.Suryanarayana Rau to extend his tour in the mining centres so that full advantage may be taken of the deputation, a further period of 40 days in that country would be necessary or about 4 months in all. It is obviously not possible now to calculate the exact cost of the deputation, but it may be estimated at £ 375/- roughly, as indicated below, if the period of deputation is not extended and another £ 50/- if such extension should become necessary:-

	£
1. Railway fare to Bombay and Steamer fares from India (Bombay) to South Africa (Durban) and back	100
2. Railway fare from Durban to Cape Town and back	15
3. Cost of itinerary estimated by the Congress authorities	145
4. Daily allowance for 3 months at £ 1/- a day excluding the period of 47 days spent in Congress special trains	45
5. Deputation allowance for 3 months @ 1/6 of his salary, viz: Rs. 700	32
6. Equipment grant	25
7 Contingencies	13
Total	£ 375/-

The allowances proposed, have been estimated after taking into consideration the dearness of the place and country, the status of

of the officer and precedents in similar cases. What has been suggested is the bare minimum which has to be given if the officer should not find himself out of pocket at the end of the deputation.

The Congress Session begins at Cape Town on 24th March 1930 and Mr. C. E. Suryanarayana Rau, if deputed, would have to leave here about the 20th February 1930 after first notifying the Congress authorities and making the necessary arrangements for his voyage to S. Africa.

I request that the Government be pleased to give the proposal their earnest and favourable consideration and pass orders at an early date sanctioning the deputation of Mr. C. E. Suryanarayana Rau to S. Africa on the terms I have suggested above, which are reasonable and by no means extravagant, and subject to the further consideration that the total cost of the deputation does not in any event exceed £ 425/-.

I have the honour to be,

Sir,

Your most obedient servant,

R. Bocquet.

THIRD (TRIENNIAL)

EMPIRE MINING AND METALLURGICAL CONGRESS,

SOUTH AFRICA, 1930.

The Prime Minister of the Union of South Africa, General the Honourable J. B. Hertzog, has issued a cordial invitation, on behalf of the Union Government, for the Third (Triennial) Empire Mining and Metallurgical Congress to be held in South Africa in 1930. This invitation was personally announced by the Minister of Mines and Industries, the Honourable F. W. Beyers, to the Second Congress assembled in Montreal, Canada, in August, 1927, and has been gladly accepted by the Empire Council of Mining and Metallurgical Institutions on behalf of the ten constituent bodies.

A strong and influential Executive Committee has been appointed by the South African constituent institutions, and a particularly attractive programme is in course of preparation. The Congress will commence in Capetown on Monday, 24th March, 1930.

A tentative itinerary has been arranged, which comprises visits to all the principal mining centres in the Union and Rhodesia as well as places of scenic interest. Those attending the Congress will have the opportunity of visiting the diamond mines at Kimberley, the gold mines and works of the Witwatersrand, the gold, diamond, platinum, coal, asbestos and copper mining districts in the Transvaal, and the Sabie Game Reserve. The Rhodesian tour will include the Victoria Falls—one of the grandest natural sights in the world—gold, copper, zinc, lead, asbestos and coal mines, and the Zimbabwe Ruins. Members will also be enabled to visit the coalfields of Natal, as well as some of the beauty spots of that Province and the Port of Durban, returning to Capetown by a circuitous route which will take in Bloemfontein, Port Elizabeth, Oudtshoorn (Cango Caves) and the Knysna Forest. Opportunities will also be afforded of visiting some of the more important industrial developments throughout the country.

Sessions will probably be held in Capetown, Kimberley, Johannesburg, Bulawayo and Durban.

The itinerary as planned provisionally will occupy 47 days, the whole distance being a little over 7,000 miles; special trains will be provided by the South African Railway Administration, and catering and service will be on a luxury basis. While at present it is not possible to mention any definite amount, it is hoped that the total inclusive cost of the tour in South Africa will not exceed £140. The Union-Castle Mail Steamship Company, Ltd., have intimated that they will allow a special rebate of 20 per cent. off the tariff fares, and it is anticipated that similar concessions on rates over other steamship lines will be granted.

Next to Great Britain, South Africa is the largest producer of mineral wealth in the Empire, particularly as regards the precious metals and diamonds. Apart, however, from the technical interest, its wonderful climate, varied and beautiful scenery and great potentialities make it a country well worth visiting.

The Executive Committee propose to issue from time to time circulars dealing with the details of the programme and pamphlets or brochures containing descriptions of the places on the route of the tour.

In the meantime, it is hoped that all those members of the constituent institutions who are in a position to do so will advise the Secretary as early as possible of their intention to attend the Congress. By doing this they will greatly assist the Committee in their work of preparation, as well as afford a guide in estimating the number of delegates who may be expected.

Those who had the privilege of attending the Congress in Canada in 1927 will remember how enjoyable the trip was from every point of view, and it is hoped to make the South African tour equally attractive and instructive to those who are able to attend.

On behalf of the Empire Council of Mining and Metallurgical Institutions,

C. McDERMID,
Hon. Secretary-General.

On behalf of the Third (Triennial) Empire Mining and Metallurgical Congress,

H. A. G. JEFFREYS,
Secretary.

Come to South Africa!

Letter No.924 dated 26th November 1928 from the Chief Inspector of Mines in Mysore, to the Executive Member, Messrs. John Taylor & Sons' Committee, Oorgaum.

---: oOo :---

I have the honour to acknowledge receipt of your letter No.163 dated 23rd inst. and to thank the Committee most heartily for the very kind sentiments expressed by them regarding the recovery of my health as well as my return to duty. I assure you it affords me much pleasure and satisfaction to be back once more on the Kolar Gold Field.

As requested, I have conveyed to Mr. Suryanarayana Rao the Committee's appreciation of his services during my absence. In reciprocating with much pleasure the very kind remarks made, he at the same time wishes me to express his sincere thanks for the same. Naturally such an appreciation is also most gratifying to me.

I would ask you to be good enough to show this letter to the Committee at the first favourable opportunity.

Read-

Letter No.503 dated 9th September 1929 from the Chief Inspector of Mines in Mysore, proposing the deputation of Mr.C.E. Suryanarayana Rao, B.A., Inspector of Mines, to attend the Third Session of the Empire Mining and Metallurgical Congress which is to be held in South Africa in March 1930.

L 14/10/29

by W.C.S. Horrocks

.....

Order No. D 3942-3 Geo 49-29-2

Dated 14-10-29
Camp Mysore

The Third Session of the Empire - Mining and Metallurgical Congress is to be held in March 1930 in South Africa, and the Chief Inspector of Mines has recommended that Mr. C.E. Suryanarayana Rao may be deputed to attend the Session. In view of the fact that gold mining is one of the most important mining industries in the State and that the Congress Session in South Africa will afford a valuable opportunity for obtaining a knowledge of the most - modern mining practice, Government are - pleased to sanction the deputation of - Mr. Suryanarayana Rao to attend the Session and to take part in the comprehensive programme of visits for which the Congress has arranged, to the mining centres in the South African Union and Rhodesia.

11

Mr. Suryanarayana Rao will be granted single second-class Railway and steamer fares for the journeys to be performed in the course of his deputation, and be allowed ~~a daily~~ an allowance of £ 1 a day, excluding the period spent in Congress special trains and on voyages to and from. He will ~~further~~ be paid a sum of £ 145 being the cost of the itinerary in S. Africa as estimated by the Congress authorities.

During Mr. Suryanarayana Rao's absence on deputation, his place need not be filled up, and the Chief Inspector of Mines ~~will be~~ is requested ~~to arrange~~ to manage the work of the Department with the remaining staff.

The entire cost of the deputation is ~~not likely to exceed~~ expected to be within Rs.4,750; and ~~Government direct that~~ a demand for ~~this~~ an additional grant of this sum will be placed before the Legislative Council at its next Session.

The Chief Inspector of Mines is requested to obtain from Mr. Suryanarayana Rao a full report of the work done during the deputation and submit it to Government, with his observations.

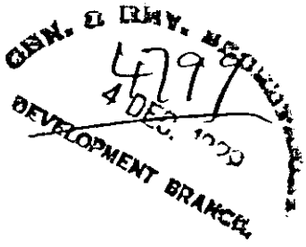
OFFICE OF THE CHIEF INSPECTOR OF MINES IN MYSORE,

No. 932
Encl. 1

Dated Oorgaum, 3rd December 1929.
(S. India)



FROM

R. BOCQUET, ESQ., J.P.,
CHIEF INSPECTOR OF MINES IN MYSORE.

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of His Highness
the Maharaja of Mysore,
Development Departments,
Bangalore.

Sir,

With reference to Government Order No.D.3942-3/Geol. 49-29 dated the 14th October 1929 sanctioning the deputation of Mr. C.E. Suryanarayana Rau, Inspector of Mines, to attend the Third (Triennial Empire Mining and Metallurgical Congress to be held in S.Africa in March 1930, I have the honour to represent that, under para 2 of the order, Mr. C. E. Suryanarayana Rau has been granted only a single 2nd class railway and steamer fares for his journey and voyage to and fro during the deputation period.

Mr. C. E. Suryanarayana Rau is an officer entitled under the Mysore Service Regulations to first class fares for his journeys on tour within the State. The Government have graciously sanctioned his deputation on behalf of the Department to represent the State at the Imperial Congress. The officer whom the Government of India have selected for the purpose of attending the Congress has been allowed, I understand, first class fares in respect of all journeys undertaken in connection with the Congress, not to mention a higher rate of daily allowance and other facilities.

I would urge that Mr. C.E.Suryanarayana Rau has, at all costs, to maintain a position worthy of the State from which he sets forth as a delegate and, at the same time, be on an equality with his colleagues deputed from other parts of British India and the Empire. I should like to lay special stress on this aspect of the matter

in

in view of the peculiar conditions that prevail in S.Africa at the moment.

Under the above circumstances, I have the honour to request you to kindly obtain the sanction of Government to the recommendations made, viz: that Mr. C.E.Suryanarayana Rau may be allowed first class fares and the cost of the journeys undertaken in connection with the Congress during the entire period of his deputation.

I have the honour to be,

Sir,

Your most obedient servant,

V. Bourquet.

D.O. 974.

Dated, Oorgaum, 10th December 1929.

G. A. & REV. SECRETARIAT 5062 DEVELOPMENT BRANCH

Dear Sir,

In continuation of my letter No.932 dated 3rd inst. recommending the grant of 1st class steamer and railway fares to Mr. C.E.Suryanarayana Rao during the period of his deputation to South Africa, I beg to enclose an extract from a letter recently received by Mr. C.E.Suryanarayana Rao from Sir K.V.Reddi, Agent General to the Government of India in South Africa, Durban, which speaks for itself.

He is of opinion that Mr. C.E.Suryanarayana Rao should be given 1st class fares and a daily allowance of at least £ 2/- for the period of his stay in that country excluding the time spent in Congress Sessions. I therefore request that the Government may be pleased to grant Mr. C.E.Suryanarayana Rao fares and allowances at the rates recommended by Sir K.V. Reddi which do not seem in any way unreasonable, especially under existing conditions.

I trust you will be able to see that the matter is dealt with and disposed of expeditiously so that Mr. C.E.Suryanarayana Rao can proceed with his arrangements regarding passages, etc.

With kind regards,

Yours sincerely,

K. Bogaert.

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government
of His Highness the Maharaja of Mysore,
Development Departments,
Bangalore.

15

P.O. Box 44,
MAYVILLE,
DURBAN,
14th November 1929.

Dear Mr. Suryanarayana Rao,

I just received your letter. I am glad you are coming for this Congress. When you arrive in Durban I shall make arrangements for your reception. I may not be here then. I will be in Cape Town, but I will see that my Indian friends here receive you and make your stay here comfortable. x x

x x x x x x x x x

As regards the itinerary period there will be no difficulty. They will find everything for you, you need not spend anything. But for the other journeys it is not fit to travel second class either on the train or on Steamers. Membership of the Congress gives a great status. You must travel first class. You must induce your Government to grant you first class fares. Again £ 1 (one pound) a day will not be sufficient. You require at least £ 2 (two pounds). You will have to put up in a decent hotel and the hotel fare alone will be £ 1: 5: 0 and you require a little more for your conveying charges.

As regards other matters you need not worry yourself. I and my friends will arrange everything for you and assist you in every possible way.

With kind regards,

Yours sincerely,

(Sd.) K.V. Reddi

12 DEC. 1929
DEVELOPMENT BRANCH.

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments, Bangalore.

Sir,

With reference to Government Order No.3942-3/Geol. 49-29 dated the 14th October 1929 sanctioning the deputation of Mr. C.E. Suryanarayana Rao to South Africa, I requested the Comptroller to arrange for the payment of an advance of Rs.2,000/- to Mr. C.E. Suryanarayana Rao at the Bowringpet Taluk Treasury to enable him to make the requisite arrangements for his tour, and also to arrange to pay the balance to his credit with the Standard Bank of South Africa, Cape Town for his expenses in that country. The Comptroller states in his letter No. T.A.203 dated the 30th November 1929 - copy enclosed for reference - that the payment of the advance requires special orders of Government.

As the question of granting 1st class fares to Mr. C.E. Suryanarayana Rao, as recommended in my letter No.932 dated the 3rd December 1929, is pending before Government, it will not be possible for the Comptroller to arrange for the passage money to be paid yet awhile for obvious reasons. Moreover, Mr. C.E.Suryanarayana Rao has already advanced some money to the Shipping Agents to reserve accommodation.

The estimate of £ 145/- made by the Congress authorities is only approximate. The actual figure will be intimated to the delegates at the time of registration on the opening day of the

Congress

Congress and the same must be paid before the Congress actually opens. Train fares and hotel expenses will have to be paid then and there and all other incidental expenses incurred as the occasion arises. It will be a serious handicap to Mr. C.E.Suryanarayana Rao if he is not put in possession of funds immediately to make the necessary preparations for his voyage.

Under the circumstances, I request that Government may be pleased to sanction an advance of Rs.2,000/- to Mr. C.E.Suryanarayana Rao now and instructions issued to the Comptroller to arrange for the balance to be paid to his credit with the Standard Bank of South Africa at Cape Town. The Congress opens on the 24th March 1930 and the money should be made available to Mr. C.E.Suryanarayana Rao at Cape Town before that date.

I have the honour to be,

Sir,

Your most obedient servant,

A. Bourquet.

CHIEF INSPECTOR OF MINES

IN MYSORE.

R.S.

Letter No.T.A.203 dated 30th November 1929 from the Comptroller to the Government of His Highness the Maharaja of Mysore to the Chief Inspector of Mines in Mysore.

With reference to your letter No.887 dated 27-11-29 requesting to arrange for payment of a sum of Rs.2,000/- at the Bowringpet Treasury and another sum of Rs.2,750/- for credit to the account of Mr. C.E.Suryanarayana Rao with the Standard Bank of South Africa, London in connection with his deputation to South Africa sanctioned in G.O. No.D.3942-3/Geol.49-29 dated 14-10-29, I have the honour to state that payment of the advance requires special orders of Government. I may however state that the passage for the forward journey will be arranged for on receipt of the bills of the Steam Ship Company in this office.

As regards the allowance of £ 1/- sanctioned for halts in South Africa, as well as the sum of £ 145/- being the estimated cost of the itinerary in South Africa and passage for the charges for the return journey, necessary arrangements will be made for payments thereof at South Africa as and when required through Messrs. Coutts & Co:, State Bankers in London, on receipt of information as to the exact date of departure of Mr. Suryanarayana Rao from India.

The Receipt of Rs.2,000/- is returned herewith.

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments,
Bangalore.

Sir,

With reference to correspondence ending with your letter No.7734/Geol. 49-29 dated 9th January 1930 enquiring the amount of the additional grant required in connection with the deputation of Mr. C.E.Suryanarayana Rao to South Africa to attend the Empire Mining and Metallurgical Congress in March 1930, I have the honour to state that the additional expenditure involved may amount to Rs.1,250/ approximately. The actual details, however, can only be furnished later, for no full and accurate information is immediately available in respect of charges for train fares, etc., in South Africa. The estimate of £ 145/- made by the Congress authorities is also only approximate as already stated in my letter No.977 dated 10th December 1929. The actual figure will be furnished later on hearing further from the above authorities.

In this connection, I am of opinion that it would be advantageous for the Department if Mr. C.E.Suryanarayana Rao could be given facilities to study law and system of mines inspection as it obtains in the Transvaal with reference to home requirements. This, in a specialised form, is probably outside the Congress programme and the course of the itinerary, and could be undertaken only after the Congress is over. In that case, it might be necessary for Mr. C.E. Suryanarayana Rao to remain for a further period of a month or more; this would involve an additional expenditure of about Rs.1,000/-

To

To provide for this contingency, I would suggest as desirable, the inclusion of this amount and place a demand for an additional lump-sum grant of Rs.2,250/- before the next Session of the Legislative Council.

I have the honour to be,

Sir,

Your most obedient servant,

R. Bocquet.

CHIEF INSPECTOR OF MINES

IN MYSORE.

Geol 49-29-14

To

N. Rama Rao, Esq., B.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
Development Departments,
Bangalore.

Sir,

P

With reference to Government Order No.D.3942-3/Geol. 49-29 dated 14th October 1929 sanctioning the deputation of Mr.Suryanarayand Rau to attend the Third Session of the Empire Mining and Metallurgical Congress to be held in South Africa from March 1930 onwards and ordering that, during his absence on deputation, his place need not be filled up and that the Chief Inspector of Mines should manage the work of the Department with the remaining staff, I have the honour to state that, in recent years, the work of the Department having considerably increased, it has been found difficult to cope with it all even with the full complement of officers and therefore proposals for augmenting the existing staff are being submitted, separately, to Government.

Pending the submission of these proposals and orders thereon, Government may rest assured that no efforts will be spared to see that the work of the Department does not suffer in any way during the period of Mr.C.E.Suryanarayana Rau's deputation in South Africa.

At the same time, it is clear that the Officers of the Department will be saddled with additional duties and responsibilities during his absence. Although the junior officers of the Department are quite willing to carry out the additional work that

thus

thus devolves on them, I submit that their efforts should be recognised in some tangible form and propose that they should be paid the usual acting allowances just as when an officer is on leave. In this connection, I may state that the duty allowance that these officers were getting because of the arduous nature of their work was abolished some years ago and it seems but fair that they should each be given an acting allowance during Mr.Suryanarayana Rau's absence.

Accordingly, the sanction of Government is solicited for the following arrangements during this period:-

Mr. K.Duraiswamier, B.A., to act as Inspector of Mines in place of Mr.C.E.Suryanarayana Rau on deputation.

Mr. V.Narayana Rau, B.A., to act as Asst. Inspector of Mines in place of Mr.K.Duraiswamier.

The additional cost to Government by this arrangement would only amount to a small sum of about Rs. 600/- for the whole period of Mr. C. E. Suryanarayana Rau's deputation.

Should these proposals be approved, I request that they may be given effect to from 17-2-1930, Mr. C.E.Suryanarayana Rau having left Oorgaum on the afternoon of 16-2-30 en route to South Africa, via Bombay, which date has already been approved of by Government.

Early orders of Government are solicited in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

R. Bourquet.

CHIEF INSPECTOR OF MINES
IN MYSORE.
